SAMPE EUROPE SEICO 10 – INTERNATIONAL CONFERENCE PARIS

SAMPE Europe International Conference SEICO 10 is one of the leading events in Europe in the Technical and Scientific Conference Calendar, associated with Advanced Materials and Processes. Whilst Polymer Composites are a strong theme, SEICO 10 will focus also on a wide range of other Materials and Technologies. In today's leading Industries, Advanced Composites have established a wide acceptance in research and industry thanks to the

IMPROVEMENTS OF MATERIALS AND APPLICATION CHARACTERISTICS

SEICO 10 will inform in a wide range of papers on the latest developments and applications of Advanced Composite Technology and Material Science. The paper will make reference to the latest applications from Aircraft & Space, Ground Transport Systems, Car, Truck & Bus, Naval structures- & applications, Energy Exploration – Generation – and Transmission, Naval structures and applications, Civil Engineering and Maintenance of Infrastructures, Adhesive Bonding, Nano-Technology, NDT & Repair, Composite Tooling.

SEICO 10 TO BE HELD IN COOPERATION WITH JEC COMPOSITES SHOW 2010

SEICO 10 will be set up April 12 – 14, 2010 at Hotel MERCURE, Paris Porte de Versailles EXPO, Vanves – whilst JEC Composites Show 2010 will be held at the closed by Paris EXPO Complex Porte de Versailles, on April 13th – 15th, 2010. Based on this sequenced part overlap all attendees will get the opportunity proposed to attend the two events. SEICO 10 attendees will enjoy free access to JEC Composites Show 2010, based upon their SEICO 10 registration badge.

JEC Composite Show 2010 will present more than 1000 Exhibitors covering a Stand-Area of more than 45000m² which will attract some 25000 visitors. To get full details on JEC Composite Show 2010 and Exhibition, please contact ,

JEC Group Paris, 19, Boulevard de Courcelles, F – 75008 Paris

TECHNICAL EXCELLENCE LEADING CONFERENCE AND PANEL SESSION

SEICO 10 is expected to be attended by some 250 or more participants from all over the world providing the possibility to register either for all 3 days of the conference, for two days or one day only. SEICO 10 will compromise approximately > 90 expert papers to be grouped into Specialist Topic sessions and presented in three parallel sessions. In addition a panel session on a Special theme, to be announced to gether with the presentation of major European Research Projects on Composites from Industries, Research Centres and Universities. On the opening of SEICO 10, a Key-Note presentation by a world leading authority will be given.

SAMPE EUROPE SEICO 10 – INTERNATIONAL CONFERENCE PARIS

CONFERENCE THEME:

IMPROVEMENTS OF MATERIALS AND APPLICATION CHARACTERISTICS

The theme of SEICO 10 is focusing of the best aspects of Materials and Process for leading edge performance on application and cost effectiveness. Those advantages are linked to Aircraft & Space Applications, Ground Transport Systems, Energy Exploration – Generation – Transmission, Naval structures & applications, Civil Engineering & Maintenance of Infrastructures, Adhesive Bonding, Nano-Technology, NDT & Repair, Composite Tooling.

CALL FOR PAPERS

SEICO 10 Conference is defined to stimulate the best ideas in Advanced Materials and Process Engineering and to make it public to a world audience and by publishing in the SEICO 10 Conference CD Rom Proceedings. The selection of the proposed papers will be issued by the Scientific Committee of SAMPE Europe, composed of experts from Research Centres, Universities and Industries.

If you have been working on Material Improvements and on the Application Characteristics of one of the following segments, SAMPE Europe invites you to submit an abstract of maximum 200 word (1 page) to the Scientific Committee of SAMPE Europe, not later than September 1st. 2009, by E-mail to : sebo@sampe-europe.org

AIRCRAFT & SPACE

GROUND TRANSPORT SYSTEMS

CAR, TRUCK & BUS

NAVAL STRUCTURES

ENERGY EXPLORATION, GENERATION AND TRANSMISSION

CIVIL ENGINEERING & MAINTENANCE OF INFRASTRUCTURE

ADHESIVE BONDING

NANO TECHNOLOGY

NDT & REPAIR

COMPOSITE TOOLING

All submitted abstracts will be judged and selected by the Scientific Committee. Submitter will be noticed in early November 2009. Accepted paper are due to be prepared and transmitted as electronic files, prior to January 15th. 2010 to SAMPE Europe.

For any inquiry or question please contact either :

SAMPE EUROPE SEICO 10 – INTERNATIONAL CONFERENCE PARIS

ABSTRACT SUBMISSION

The submission of an abstract commits the authors to present the paper at SEICO 10 after being selected and nominated in October 2009 by the Scientific Committee of SAMPE Europe. All speakers of papers at SEICO 10 will be rewarded by a substantial reduction of the registration fee in addition to a personal gift.

SEICO 10 Conference language will be English. Therefore your abstract and paper to be submitted must be in English.

CONFERENCE LOCATION

SEICO 10 will be organized at the Hotel MERCURE, Paris Porte de Versailles EXPO, Vanves, which is in walking distance to the Paris EXPO Complex, Porte de Versailles, where JEC Composite Show 2010 will be held in parallel. On Tuesday and Wednesday, April 13th & 14th, 2010, a free of charge Shuttle Service Bus will be operating between Hotel MERCURE and the Main Entrance Gate of Paris EXPO Complex to ease communication of the two sites.

The Paris EXPO Complex is easy reachable by frequent Metro Line N° 12, and by Bus Services linking the Expo Complex to the Centre of Paris and Airports. The Porte de Versailles Area offers a large variety of Hotels, Shops, Restaurants and is earely accessible also by car with ample convenient parking space within the Paris EXPO Complex.

HOTEL ACCOMMODATION

SEICO 10 attendees will get preferencial rates by booking the hotel reservations through **ATI Congrès Organisation** proposing hotel facilities in all categories near or at the Hotel MERCURE Paris Porte de Versailles and PARIS EXPO Complex. The Preliminary Programme SEICO 10, due to be published in January 2010. This publication will contain the Hotel Reservation Form showing all Hotel rates.

For further information please contact:

ATI Congrès : Tel + 33 1 47 27 15 15 Fax + 33 1 44 05 01 48
E-Mail jec2010@ati-abotel.com (as from Dec. 2009)
WEB: www.ati-abotel.com

AIR FRANCE KLM Air Fare Reduction

AIR FRANCE KLM is going to propose special air fare rates for visitors of SEICO 10 and JEC Composite Show 2010. Details and reference code will be made public in the Preliminary Programme SEICO 10, due to be published in January 2010.

Do you need further information about SEICO 10 ?
